Caroline Whitney, owner of 3 Greens Restaurant, Elstree Aerodrome, has donated £325 to the British Disabled Flying Association following a fundraising event organised by the restaurant.

Whitney organised a raffle to help raise the cash, offering prizes that included a helicopter ride and a flying lesson.

Simon Rapkin, chairman of the association, said "This money will

be used to subsidise two flying days we are playing at Elstree Aerodrome in the summer, where we will be working with the Guideposts Trust and Barnet Mencap to get as many adults and children with disabilities into the air as possible.

"The generosity of 3 Greens and its patrons will go along way to achieving this," added the association's chairman.
