Hi Everybody!

The previous newsletter seemed to be well received, so we thought we'd try another. LFG members have certainly been getting up to some interesting trips. Read Dick Flute's story of G-BDNU's visit to Berlin's Tempelhof and John Smith's flight in WW2 North American P51 Mustang.

We also have news on major changes to Flight Services and an important announcement regarding those of you who fly on a FAA license.

Have you let your UK licence lapse? Then see page 7. This tells you what you are going to have to do to get it back again. Maybe it's best not to let it lapse in the first place!

Don't forget the Spring Dinner. At the same venue as last years AGM, this is excellent value at £15 and includes an illustrated talk by David Cockburn from the CAA on "infringements of controlled airspace."

If you have not been to Elstree recently you will wish to know that the Restaurant has been taken over by new management, completely refurbished and provides excellent fare.

The LFG Website is presently being updated and will be back on line soon.

Wishing you all a good flying year 2009!

Lynda
